Perk Up Your Sales Cafforia™ Hot Beverage

Want to turn coffee ordinary into coffee extraordinary? The Cafforia™ hot beverage merchandiser provides a gourmet experience customers seek. Though superior flavor extraction, large beverage variety, and ease of selection, Cafforia capitalizes on the hottest consumer coffee trends. And from an operations standpoint, the economics have never been better. Warm up to Cafforia and turn your business ordinary, into business extraordinary.

942/943/944

cafforia™

- Coffeehouse appeal with twelve gourmet beverage selections
- Consumer demanded cup sizes — up to 20 ounces
- Innovative brewing technology provides maximum extraction and enhanced flavor
- Backlit artwork, illuminated menu, and modern aesthetics attract attention
- Large flavor labels at a convenient user height make beverage selection easy — and they're also easy to change
- Achieve superior grind precision with our Premium dual-bean grinder
- Guaranteed delivery ensures customer satisfaction
- Available in whole bean, loose ground, and freeze dried configurations

Total Flexibility TFlex™ Dual-Temp

Sometimes it's hard to commit, but we've got a cool proposition that leaves your options open. Our new TFlex™ dual temperature merchandiser offers separate refrigerated and chilled environments that can be used in combination, or apart, to create your own custom cool solution. Its total flexibility maximizes profits while minimizing excess.

**972 Bottle/Food/
Candy/Snack**

TFlex
total flexibility™

- Offer snacks, candies, fresh foods, dairy products, and other beverages (including 20 oz. bottles) — in one machine
- Change refrigerated versus chilled space allocation as needed with our adjustable divider shelf
- Equipped with health safety control to vend perishable food and beverages, or use without health control for non-perishable chilled items
- Ideal for full-service small accounts and healthy vending initiatives
- First-in, first-out product delivery enables freshness and keeps merchandising at its best
- Effectively manage date-sensitive products with space-to-sales
- Dual spirals and motor pairing accommodate varying product sizes
- Guaranteed delivery ensures customer satisfaction

972 Food/Snack

Nourish Your Bottom Line Fresh and Frozen Foods

If you're hungry for profits, our food merchandisers are ready to fulfill. We offer fresh and frozen formats designed to satisfy your client and operation needs.

962

revolution™
